

**Name of Journal:** *World Journal of Transplantation*

**ESPS Manuscript NO:** 26932

**Manuscript Type:** Minireviews

**Title:** Updates on Antibody-Mediated Rejection in Intestinal Transplantation

Dear Editor Fang-Fang Ji,

We carefully reviewed the comments raised by one of reviewers and addressed all the critiques point-by-point in the modified version. We thank you and the reviewers for carefully evaluating my manuscript.

Guosheng Wu, MD/PhD

Professor and Chief of Department of Gastrointestinal Surgery

Xijing Hospital of Digestive Diseases, Xi'an, China

1) Page 5. The possible causes of higher incidence of sensitization in intestinal recipients were given in the Second Paragraph, Page 6

2) Page 7. We agree to use more common term “plasmapheresis” instead of plasma exchange.
