Name of journal: World Journal of Clinical Oncology
Manuscript NO.: 27858

Title: **Better to be alone than in bad company: the antagonistic effect of cisplatin and crizotinib combination therapy in non-small cell lung cancer**

Authors: Nele Van Der Steen, Christophe Deben, Vanessa Deschoolmeester, An Wouters, Filip Lardon, Christian Rolfo, Paul Germonpré, Elisa Giovannetti, Godefridus J Peters and Patrick Pauwels

Correspondence to: Elisa Giovannetti, Cancer Pharmacology Lab, AIRC Start-Up Unit, University of Pisa, University of Pisa, via Paradisa, 2, 56124 Pisa (Italy), tel: 0039050996817, fax: 0039050501095

To the Editor,

Herewith I declare, being a native English scientist, that the above-mentioned paper is written in excellent English and does not need any English corrections.

With best regards,

Dr. Richard J. Honeywell, PhD

Prof. Dr. H.M.W. Verheul, MD, head
Dr. A.J.M. van den Eertwegh, MD,
deputy head
