Dear Editor and Reviewer,

Please find enclosed the edited manuscript in Word format (file name: 28127-Revised manuscript.docx).

Title: Reoperation in an adult female with 'right-sided' Hirschsprung's disease complicated by refractory hypertension and cough: case report and literature review

Author: Zhi-Jian Wei, Lei Huang, A-Man Xu

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 28127

The manuscript has been improved according to the suggestions of the reviewer:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewers

Reply to Reviewer #00607640:

In this case report, the authors reported a case of a female adult patient with 'right-sided' congenital megacolon (Hirschsprung's disease, HD) complicated by refractory hypertension and cough. It is suitable to the Journal and could be helpful in clinic study.

Sincerest thanks for the positive recognition of our report by the reviewer. We are also confident in the potential benefits of this paper to improve diagnosis and treatment of complicated Hirschsprung's disease.

3 References and typesetting were corrected

4 The English language was improved with the kind assistance of Ms. Leah Liu

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in black ink that reads 'Aman Xu'.
