REVIEWER COMMENTS:

Reviewing: 1

- 1- The authors should add "reclassification" in key words. 2-In Table 1 the authors should explain the abbrvs of SB1-SB2-SB3 in the bottom of the table also in Table-2 LS and SBCE.

We agree with the reviewer and we added "reclassification" in key words and we have explained the abbreviations.

Thank you again for considering our work for publishing our manuscript in the *World Journal of Gastrointestinal Endoscopy*
