

ANSWERING REVIEWERS

Name of Journal: *World Journal of Transplantation*

ESPS Manuscript NO: 28777

Manuscript Type: Evidence-Based Medicine

Dear Editor,

We deeply appreciate your time and effort reviewing our manuscript. All your remarks and recommendations are welcome and helpful. We took them under serious consideration and we made the necessary amendments to the manuscript in order to improve it. We would like to address in particular the following:

To Reviewer 00503255

1. We inserted the explanation of the abbreviation PRA (=panel reactive antibodies) in the abstract.

To Reviewer 00503292

1. We corrected the e-mail address of the corresponding author.
2. We corrected all grammatical errors as instructed by the reviewer.
