To The Editor

26 October 2015

Dear Editor

Time Taken to Return to Sport after Endoscopic Gastrocnemius Recession

I refer to this article by Dr Gowreeson Thevendran and colleagues. After reviewing it, I have verified that it is an audit of the outcome of an established surgical technique.

In this institution, audit does not require IRB review or permission.

Thank you very much.

Best regards

Dr Leong Khai Pang
