Dear editor,

Thank you very much for allowing us to improve our manuscript. We made all minor changes as per your suggestion. However, I was trying to get help with some questions and unfortunately I was not able to get all answers. Obviously, our paper is original and the study like ours was not done before, we did run Google search as per your request.

Please reach out to me if you have any additional questions. My cell is 3474397774, Skype is esklyar.

Thank you for consideration,

Eduard Sklyar
