

**To whom it may concern:**

The statistical methods of the study entitled "A fuzzy expert system for diagnosing diabetic neuropathy" were reviewed by Dr Masoud Salehi (PhD, Assistant Professor of Biostatistics) from the Department of Biostatistics, School of Public Health, Iran University of Medical Sciences, Tehran, Iran. This letter is to confirm that the statistical methods of the study mentioned above are adequately and appropriately described when they are used to verify the results and the statistical techniques are correct.

**Yours' Sincerely,**

**Masoud Salehi**, PhD, Assistant Professor of Biostatistics,  
Department of Biostatistics, School of Public Health,  
Iran University of Medical Sciences, Tehran, Iran
