

## Format for ANSWERING REVIEWERS

April 20, 2013.

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2916-review.doc).

**Title:** FIELD OF VISION: HCV and HIV transmission routes: differences and similarities.

**Author:** Francesca Cainelli

**Name of Journal:** *World Journal of Hepatology*

**ESPS Manuscript NO:** 2916

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewers:

(02449596) Reference (No. 11) has been made to the paper suggested by the reviewer and to two additional papers (references 12 and 13).

(02447059) I have been asked by the Editor of the *World Journal of Hepatology* to write a field of vision manuscript as an accompanying comment to the paper quoted as reference 1. It is not my fault if the Editor has not provided the reviewer with the manuscript in press that I was asked to comment on.

(00006993) Line 3, Page 2, "Hepatitis C Virus" is now non capitalized as per reviewer's suggestion. The full citation for the article by Bouare and colleagues (reference 1) can only be provided by the Editor once the issue where the manuscript will be published is known.

3 References and typesetting were corrected

Thank you again for publishing my manuscript in the *World Journal of Hepatology*.

Sincerely yours,

*Francesca Cainelli*
