

Replies to reviewer1:

The language of the manuscript should be revised.

#The manuscript has been sent to the editor for a language certificate

The references should be updated.

#All the reference has been updated , search for the key word “a Intraductal blation” OR” jaundice” OR” sems” from Pubmed, between 2006–2016

The manuscript need to be edited. Some blanks are missing, the authors should check through the manuscript carefully. Also, a native English speaker is needed.

Thanks for your feedback. the blanks has been deleted, the manuscript has been mailed to the editor for a language certificate.

Replies to reviewer2:

The discussion should be revised. More references should be discussed.

the part of discussion has been rewritten, and also updated the reference.

The references list have to be updated.

#All the reference has been updated , search for the key word “a Intraductal blation” OR” jaundice” OR” SEMS” from Pubmed, between 2006–2016

If the authors provide the Figure 1 with color, it will be better.

#Color images will be updated at the time of submission.
