Dear Editor, dear reviewers,

thank you very much for reviewing our manuscript. According to your suggestions in the edited version I have reduced some words in the Core Tip and I have provided an Audio Core Tip now.

I have checked the final title of our manuscript using Google Scholar and I have added the Copyright Assignment form signed by all authors on one single form.

According to my correspondence with Shui Qiu, Science Editor, Editorial Office, on 18th October 2016, there is no need to provide a Language Certificate or a Biostatistics statement. The Conflict-of-interest statement has already been included in the text of the manuscript.

Thank you very much again and best regards from Munich,

**Markus Regauer, MD**
