**ALL KOREA CANCER CENTER HOSPITAL IRB APPROVED INVESTIGATORS MUST COMPLY WITH THE FOLLOWING:**

1. Conduct the research as required by the protocol.
2. Provide non-Korean speaking subjects with a certified translation of the approved Consent Form in the subject's first language. The translated version must be approved by the KCCH IRB.
3. Obtain pre-approval from the KCCH of any changes in the research activity (except when necessary to protect human subjects; immediately report to the KCCH IRB any such emergency changes for the protection of human subjects).
4. Report to the KCCH the death, hospitalization, or serious illness of any study subject.
5. Promptly report to the KCCH IRB any new information that may adversely affect the safety of the subjects or the conduct of the trial.
6. Provide reports to the KCCH concerning the progress of the research, when requested.
7. Obtain pre-approval of study advertisements from the KCCH IRB before use.
8. Conduct the informed consent process without coercion or undue influence, and provide the potential subject sufficient opportunity to consider whether or not to participate.

Korea FDA regulations require that the KCCH IRB conduct review of approved research. You will receive Continuing Review Report forms from the KCCH IRB. These reports must be returned even though your study may not have started.
