Title: α 2-Heremans-Schmid Glycoprotein (fetuin A) downregulation and its utility in inflammatory bowel disease

Author: Anastassios C Manolakis, Gregory Christodoulidis, Andreas N Kapsoritakis, Panagiotis Georgoulas, Elisavet K Tiaka, Kostas Oikonomou, Varvara J Valotassiou, Spyros P Potamianos

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 30251

Response to Reviewer Comments

Dear Reviewer 03646981

Thank you very much for the comments, already we have set up a new study investigating the behavior of AHSG in other disorders (cancer).
