The manuscript has been improved according to the suggestions of reviewers:

1 The results are interesting, however, it not well discussed. Some more recent references should also be discussed.

2 Tables and figures are good. Data should be checked again.

3 The manuscript need to be edited by a native english speaker. Some language mistakes have to be revised.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Yan-Qiang Huang, Professor
