

Dear Reviewers,

Name of Journal: *World Journal of Cardiology*

ESPS Manuscript NO: 30643

Manuscript Type: CASE REPORT

**Three-dimensional optical coherence tomography reconstruction of
bifurcation stenting using the Szabo anchor-wire technique**

Thank you very much for your comments. I have made revisions per your comments in blue, on the revised edition of the case report. We do not have an institutional review board statement as this is not typically required for a case report. We do not have informed consent statement as the patient has since passed away.

Thank you very much for your consideration.

Sincerely,
Katherine Yu, MD
