**Clinical significance of tumor-infiltrating lymphocytes for gastric cancer in the era of immunology**

**Byung Woog Kang, Jong Gwang Kim, In Hee Lee, Han Ik Bae, An Na Seo**

#### Abstract

4 Immunotherapy has begun to revolutionize cancer treatment, by introducing therapies that target the host immune system instead of the tumor, therapies that possess unique adverse event profiles, and therapies that may cure certain types of cancer. The immune microenvironment of tumors is emerging as the most important
