Impact of comorbidity on waiting list and post-transplant outcomes in patients undergoing liver retransplantation

Mohammad AB Al-Freah, Carl Moran, Matthew R Foxton, <sup>1</sup>Kosh Agarwal, Julia A Wendon, Nigel D Heaton, Michael A Heneghan

**Abstract**

The Charlson Comorbidity Index (CCI) has been shown to influence survival following primary liver transplant (PLT).

**Aims:** To determine the impact of CCI on waiting list (WL) and post liver retransplant (LRT) survival.

**Match Overview**
