JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

This is a simple study, however it fills the gap about the impact of the bariatric surgery on adiposity and metabolic profiles in the patients with Middle Eastern ethnicity. Therefore, it is suggested to have a high priority for publication in WJD. Minor corrections: 1, In the result section of Abstract, second line: "...decreased by 45.9% from 64.2% to 34.7 kg. " is likely to be read as "decreased by 45.9% from 64.2 to 34.7 kg. ". 2, Please check Table 1, it is separated into two parts from my screen of computer. 3, Do you have Figure 1 in the paper? I did not say it in the manuscript.

Answer: These part has been revised.
