

Figure 5 Expression of JNK at the mRNA level in SGC-7901 cells following thermotherapy for various time periods. A: JNK mRNA level in SGC-7901 cells without SP600125 treatment; B: JNK mRNA level in SGC-7901 cells with SP600125 treatment; C: JNK mRNA level in SGC-7901 cells with or without SP600125 treatment; D: JNK mRNA level in SGC-7901 cells with SP600125 treatment was significantly higher than in SGC-7901 cells without SP600125 treatment ($P < 0.05$).
