

**Name of Journal:** *World Journal of Transplantation*

**Manuscript NO:** 32710

**Manuscript Type:** Review

**Historical perspective of cell transplantation in Parkinson's disease**

**Alejandra Boronat-García, Magdalena Guerra-Crespo, René Drucker-Colín**

### **Abstract**

Cell grafting has been considered a therapeutic approach for Parkinson's disease (PD) since the 1980s. The classical motor symptoms of PD are caused by

the loss of dopaminergic neurons in the substantia nigra, thus causing the leading

### Match Overview
