Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 3296-review.doc).

**Title:** Multiple focal nodular hyperplasias induced by oxaliplatin-based chemotherapy

**Authors:** Matteo Donadon, Luca Di Tommaso, Massimo Roncalli, Guido Torzilli

**Name of Journal:** *World Journal of Hepatology*

**ESPS Manuscript NO:** 3296

The manuscript has been properly improved according to the suggestions of reviewers. In regard of the language certificate, I would like to know if I have to provide it or not since the language evaluation made by the reviewers has been grade as A by 3 out of 5 reviewers (3 A, 1 B, and 1 C). I would really appreciate if I could avoid such requirement.

Thank you again for publishing our manuscript in the *World Journal of Hepatology*.

Sincerely yours,
