Dysphagia: Thinking outside the box

Philpott H *et al.* Approach to the patient with dysphagia

Hamish Philpott, Mayur Garg, Dunya Tomich, Smrithya Balasubramanian, Rami Sweis

Abstract

Dysphagia is a common symptom that is important to recognise and appropriately manage, given that causes include life threatening oesophageal neoplasia, oropharyngeal dysfunction and the risk of aspiration, as well as chronic disabling gastroesophageal reflux (GORD). The predominant causes of dysphagia varies between cohorts depending on the interplay between genetic predisposition and
