Title: Medication non-adherence in bipolar disorder: review of rates, demographic and clinical predictors

Author: Subho Chakrabarti

LANGUAGE CERTIFICATE

Both reviewers have suggested 'minor language polishing.' Following this the manuscript has been carefully edited and checked to remove any errors in language. Based on previous submissions it will probably require no more than minor language polishing, which can be done at the time of revision. Based on these reviews I believe that the language of the manuscript will reach Grade A without the need for employing a professional editing service.
