Dear Editors,

My name is Thomas O'Hearn, II MA and I am the on-staff English language proofreader and editor at the Institute for Clinical and Experimental Medicine in Prague.

This letter is to confirm that I have proofread and revised Dr. Sticova's article, "New insights in bilirubin metabolism and their clinical consequences" for submission to your journal.

The article was rendered into British English, is free of grammatical error and, I believe, will meet your standards for publication.

With best regards,

Thomas O'Hearn, II MA
