Response letter to peer-reviewers

First of all our gratitude to all reviewers for their kind considerations and suggestions.

1. In answer to review of Devang J Desai (00740391), we made some language adjustments as highlighted in the manuscript.

2. In answer to review of reviewer 00071178, we made some language adjustments as highlighted in the manuscript.

3. In answer to review of reviewer 00723142, we made some language adjustments as highlighted in the manuscript, we made a short description of the risk scoring system as highlighted in the manuscript. We did not make a reduction in the number of references as in our opinion all noted references are required in the article

4. In answer to review of reviewer 00724887, we made some language adjustments as highlighted in the manuscript.

Also as suggested, we added a core tip summary and a core tip audio. We have put the references in the required format.
