Dear Editor,

We submit a paper titled "Effect of Energy Drinks on the Cardiovascular System" as an invited manuscript to the World Journal of Cardiology for consideration for publication. Our review focuses on the effect of energy drinks on the cardiovascular system and whether the current ongoing call for the products' sales and regulation of their contents should continue.

No Conflicts of Interest exist for any of the authors with respect to the publication of this article.

Very truly yours,

A handwritten signature in black ink, appearing to read "Amgad Makaryus". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
