Comment on “Efficacy and adverse events of cold *vs* hot polypectomy: A meta-analysis”

Sun HH *et al.* Cold *vs* hot polypectomy

Huan-Huan Sun, Si-Lin Huang, Yang Bai

Abstract

This is a comment on a meta-analysis regarding papers comparing cold versus hot polypectomy which had been published, but we believe that the conclusion from this meta-analysis “cold polypectomy is a time-saving procedure for removing small polyps with markedly similar curability and
