

## ANSWERING REVIEWERS

May 29, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name 3504-edited.docx).

**Title: Echocardiography in Children with Down syndrome**

**Author: Mohammed A. Al-Biltagi**

**Name of Journal:** *World Journal of Clinical Pediatrics*

**ESPS Manuscript NO: 3504**

The manuscript has been improved according to the suggestions of reviewers:

**1 Format has been updated:** All the instructions to improve the manuscript were done and the reference citing in the manuscript and the style of reference were update according to the instructions of the Editor and the reviewers.

There are 4 references not cited in the pub med. The first page of the papers were included in a file attached named (References not Pub med cited). The reference numbers were reformatted according to the requested style.

### **2 Revision has been made according to the suggestions of the reviewer**

A) Reviewer (00742158): Vancouver style in references should be used by the authors.

The reference style was updated and changed.

B) Reviewer (0121327)

(1) Full meaning of each abbreviation (DS, ASD, VSD) should be indicated only when it is first mentioned, not later in the text.

- All abbreviations were check and indicated only when it is first mentioned

(2) Strenuous exercise is inadequate for this population, and perhaps the term strenuous should be avoided.

- The term strenuous was removed and replaced with (Physical).

(3) References should be cited according to the rules and formats established by the instructions to authors.

- The references were updated according to the instructions to authors.

### **3 References and typesetting were corrected**

Thank you again for publishing our manuscript in the: *World Journal of Clinical Pediatrics*.

Sincerely yours,

Dr. Mohammed Al-Biltagi, MD, PhD  
Associate Professor of Pediatrics,  
Faculty of Medicine, Tanta University, Egypt
