To the Editors, World Journal of Gastroenterology

Re: Manuscript

"SMOOTHELIN, A NEW MARKER TO DETERMINE THE ORIGIN OF LIVER FIBROGENIC CELLS" by Lepreux, S. et al.

I hereby certify that I have edited the above manuscript by my colleagues and certify that it is now suitable for publication. I have considerable experience as an author and editor, having published >60 peer-reviewed publications and having also edited three books for publication by Springer publishing company.
