Madrid, Spain

Dir Sir,

I, Oliver Shaw, in my capacity as in-house editor of the Health Research Institute – Fundación Jiménez Díaz, certify that I have edited the work titled “Detection of KRAS G12D in colorectal cancer stool by droplet digital PCR” by Olmedillas-López et al. As a born cited of the United States with eight years of experience in the field of biomedical editing, I am confident that the work performed on the above-mentioned paper reflects high-quality English.

Best regards,
