

Informed Consent Statement

Name of Journal: World Journal of Gastrointestinal Surgery

Manuscript NO: 35776

Manuscript Type: ORIGINAL ARTICLE

17 October 2017

Clinical Practice Study

Title: Colorectal surgeon consensus with diverticulitis clinical practice guidelines.

Authors:

Javariah Siddiqui, MBBS, BMedSc ²

Assad Zahid, MBBS, BSc(Med), MS,FRACS, MPhil ^{1,2}

Jonathan Hong, MBBS, MS, FRACS ^{1,2}

Christopher John Young, MBBS, MS, FRACS, FACS, FASCRS ^{1,2}

Informed consent statement: Patients were not required to give informed consent to the study because the survey was applied to colorectal surgeons only and the colorectal surgeons gave anonymous responses regarding anonymous patients; after each patient agreed to treatment by written consent. The surgeons gave informed consent to complete the survey, as informed in the first page of the survey explaining the survey, by the act of their completing the survey.
