

ANSWERING REVIEWERS

July 13, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 3592-review.docx).

Title: Genomic Microarrays in Prenatal Diagnosis

Author: Fortunato Lonardo

Name of Journal: *World Journal of Medical Genetics*

ESPS Manuscript NO: 3592

I would like to sincerely thank the reviewer [N° 00503496] for the kind words, for the favorable evaluation, and for the useful suggestions.

The manuscript has been improved according to her/his suggestions:

- 1. The description in the Data and Literatures section is difficult to follow. It will be beneficial to provide a table or tables to summarize the key results.**

- The table has been added.

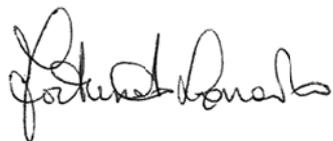

- 2. The issues and recommendations in the Guidelines section can be presented in a bullet point list or similar format.**

- The issues and recommendations are now presented in a bullet point list.

As requested, I have asked the English language editing company that have copyedited the manuscript to send you a certificate, citing the manuscript number.

Thank you for publishing my manuscript in the *World Journal of Medical Genetics*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Fortunato LONARDO'. The signature is fluid and cursive, with the first name 'Fortunato' written in a smaller, more compact script than the last name 'LONARDO', which is written in larger, more distinct capital letters.
