β -arrestin 2 attenuates lipopolysaccharide-induced liver injury via inhibition of TLR4/NF- κ B signaling pathway mediated inflammation in mice

Authors:

尉秀清

Date Issued:

November 2, 2017

Certificate Verification Key:

501F-78D9-3EBF-7FA9-9E6F

This certificate may be verified at www.aje.com/certificate. This document certifies that the manuscript listed above was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at American Journal Experts. Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject our suggestions and changes. To verify the final AJE edited version, please visit our verification page. If you have any questions or concerns about this edited document, please contact American Journal Experts at support@aje.com.
