Health-related quality of life (HRQoL), anxiety, depression and impulsivity in patients with advanced Gastroenteropancreatic Neuroendocrine Tumours (GEPNETs)

A Lewis, X Wang, L Magdalani, C Bashir, W Mansoor... - 2016 - [endocrine-abstracts.org](#)

Background: In patients with advanced GEPNETs, psychological symptoms may result due to potential disturbances in biogenic amines, particularly serotonin. This study compared HRQoL, anxiety, depression, and impulsivity in patients with and without carcinoid syndrome
