

INFORMED CONSENT STATEMENT

World Journal of Gastroenterology

Manuscript Type: Retrospective Cohort Study

Manuscript Number: 02547103

Title: Prevalence and outcomes of pancreatic cystic neoplasms in liver transplant recipients

Authors

Ken Liu, Vikram Joshi, Louise van Camp, Qi Wei Yang, Judith E. Baars, Simone I Strasser, Geoffrey W McCaughan, Avik Majumdar, Payal Saxena, Arthur Kaffes

Informed consent statement:

As this is a large retrospective study of 872 patients stretching over 18 years, it was not feasible to obtain informed consent. All patient data are anonymized and therefore risk of identification is low.

Sincerely,

Associate Professor Arthur Kaffes
