

Dear Science Editor and Reviewers,

We would like to submit the revised article entitled: " Cardiac autonomic neuropathy: risk factors, diagnosis and treatment " to the World Journal of Diabetes (Manuscript No: 36926).

We express our gratitude for the reviewers' and editors valuable comments.

We have carefully read the peer-review report and have changed the article according to all suggestions of Science Editor and Reviewers. You can find the answer to Reviewers below in the letter. We have carefully format and polish the language of our manuscript.

The reference list was corrected according to the remarks, all of the corrections were highlighted. The audio with the core tip was attached.

We are looking forward to your consideration to the above-mentioned for publication at the World Journal of Diabetes.

**Answering Reviewers:**

***Answer to Reviewer 1 comments:***

Thank you very much for the revision of our article. The article was changed according to your suggestions:

1. The abstract section was enriched;
2. Both of the recommended studies were cited and included for the references.
