**COMMENTS TO AUTHORS**

This is an interesting study about the application value of enhanced recovery after surgery in total laparoscopic uncut Roux-en-Y gastrojejunostomy after distal gastrectomy. The study is well designed and the results are interesting. After some minor language revision, it can be published in the journal.

### COMMENTS TO AUTHORS

Very interesting study. Method and results are good. And the results are well discussed. Tables and figures are excellent. After some minor language revision, it can be published.
