Dictamen: CICUAL-12/23-06-2017

The Internal Committee for the care and use of laboratory animals (CICUAL) of the superior medical school of the national polytechnic institute constituted by Dr. Gustavo Guevara Balcazár, Dr. Ícela Palma Lara, Dr. Ángel Iván Orlando Rubio Gayosso, Dr. María Eugenia Aguilar Nájera and Dr. Saúl Rojas Hernández at their session held on June 23 of this year, declare that they have evaluated protocol No. ESM.CICUAL-12/23-06-2017 of the project "Efectos morfológicos y bioquímicos del consumo de fin de semana en el hígado" Presented by the Investigator. Dr. José Antonio Morales González.

For its evaluation the commission of the CICUAL reviewed the following antecedents: logic with the use of substances, inoculations lodging and care, number of animal species, strain and origin and humanitarian end point. Following this analysis, the following opinion was issued.

ACCEPTED

1.- Protocol No. ESM-CICUAL-12/23-06-2017. Version 1.0, June 2017.

Sincerely,

Gustavo Guevara Balcazár
Chair of the CICUAL
