Manuscript 37468

Consent/Ethics letter

Dear Editor

We are pleased to submit this case report entitled “Esophageal metastasis of stem-cell subtype hepatocholangiocarcinoma: atypical presentation of a rare tumor”.

The patient died before we wrote the manuscript and the data collection. This is an observational report, the patient has been managed with standard care only. This report is in accordance with the declaration of Helsinki and its latter amendments.

Sincerely yours

Yann Touchefeu
