IRB Action:	<a href="#">Certify</a>	Action Date:	<a href="#">7/23/2014</a>
-------------	-------------------------	--------------	---------------------------

Review Criteria:	<a href="#">45 CFR 46.101(b) (Category 2)</a>	Review Type:	<a href="#">Exempt</a>
------------------	---	--------------	------------------------

---

The IRB reviewed the above referenced new study and all submitted documents and information.

The following was reviewed:

1. The information in the IRBear submission.

This submission qualifies as research that is exempt from IRB review. The Principal Investigator is responsible for notifying the IRB if any changes occur that may alter the IRB's Exempt determination.

For additional information, forms, and templates go to [IRBear Home > General Information](#).
