These articles<sup>[1-4]</sup> have been retracted at the request of the Editors-in-Chief as misconduct over authorship of the paper was detected and confirmed.

The Editors-in-Chief recently received communications concerning about the misconduct over the authorship and the integrity of the study. Editorial Office has conducted an investigation and has contacted the authors concerning the allegation. Evidence obtained by the Editorial Office including authors' statements confirmed the misconduct by the authors. One of the conditions of submission of a paper for publication in the journal is that authors declare that all authors must meet authorship criteria. As such these articles represent an abuse of the scientific publishing system. The Editors-in-Chief take a very strong view on this matter and apologies are offered to readers of the journal that this was not detected during the submission process.
