

Name of journal: *World Journal of Gastroenterology*

Manuscript NO: 39372

Manuscript type: Minireview

05 May 2018

Vedolizumab for inflammatory bowel disease: from randomized controlled trials to real-life evidence

I declare that the manuscript was reviewed by the San Francisco Edit company. I provided the language certificate. Because the classification of language quality evaluation was B, all the manuscript including the few sections that I added to it, according to the reviewers suggestions, has been reviewed by a native English speaker.

Yours faithfully,

Maria Lia Scribano
