**Manuscript Type:** SYSTEMATIC REVIEW

**Topical application of platelet-rich plasma for diabetic foot ulcers: A systematic review**

Takashi Hirase, Eric Ruff, Iqbal Ratnani, Salim Surani

## Abstract

### AIM

To determine if topical application of platelet-rich plasma (PRP) to diabetic foot ulcers (DFUs) results in superior healing rates.

### METHODS

A systematic review was registered with PROSPERO and performed using PRISMA guidelines. Level I-IV investigations of topical PRP application in DFUs were sought in multiple databases including: MEDLINE, Web of Science, and Cochrane Central
