* Denotes Chief of Service

Dear Editors of World Journal of Orthopaedics,

I thank the editors and reviewers of WJO for the consideration of our manuscript.

I attest that the statistical analysis of the article titled "Mandated Health Insurance Increases Rates of Elective Knee Surgery" was performed by a biostatistician.

Please contact me if you any questions.

Sincerely,

Arun Ramappa, MD
Chief of Sports Medicine, Beth Israel Deaconess Medical Center
Associate Professor, Orthopedic Surgery, Harvard Medical School
