narratives. This is an important tool when applied to patients suffering by chronic illness. The manuscript appears to be a well written paper. The Author seem to have competence in the study area. Comments: Title: "chronic and palliative illness", the term palliative could be confusing for the readers. Paragraph titled "Illness Narratives and their Importance": I suggest author to add a definition of well-being which is mentioned in the Conclusion section. Paragraph titled Illness Narratives Master Plots": Author might replace the term illness with specific diseases as multiple sclerosis, breast cancer et cetera. References: There are 6 self references out of a total of 19. Please try to delete selfreferences as much as possible.
