**Case of human immunodeficiency virus infection presenting as a tip variant of focal segmental glomerulosclerosis**

Daiki Goto, Naro Ohashi, Asumi Takeda, Yoshihide Fujigaki, Akira Shimizu, Yasuda Hideo, Ohishi Kazuhisa

#### **Abstract**

The incidence of the collapsing variant of focal segmental glomerulosclerosis (FSGS), as a human immunodeficiency virus (HIV)-associated nephropathy has reduced since the introduction of antiretroviral therapy (ART). However, the incidence of other variants

#### Match Overview
