

Certificate of Biostatistics

12 July 2018

To whom it may concern.

Title of the Study: Dobutamine-stress echocardiography and myocardial perfusion scintigraphy as predictors for coronary artery disease in liver transplantation candidates. A systematic review and meta-analysis

Chief Investigator: Prof. MD. MSc. Jonathan Soldera

Master's in Medicine: Hepatology, Doctoral Student: Pathology.

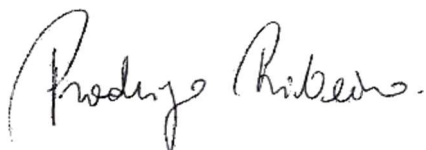

Professor of Clinical Gastroenterology, Universidade de Caxias do Sul,

Brazil.

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please, contact me if any queries arise.

Sincerely,

A handwritten signature in black ink, reading "Rodrigo Ribeiro". The signature is fluid and cursive, with the first name "Rodrigo" being more prominent and the last name "Ribeiro" following in a similar style.

Prof. MD. PhD. Rodrigo Ribeiro

Professor of Post Graduation in Epidemiology – Universidade Federal do Rio Grande do Sul, Brazil.
