

Editorial Certification

This document certifies that the manuscript titled "Alteration in gene expression profile and oncogenicity of human esophageal squamous cell carcinoma cell line TE13 by the upregulation of RIZ1" was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at ELIXIGEN (Huntington Beach, California) on January 16, 2013.

Neither the research content nor the authors' intentions were altered in any way during the editing process.

Documents receiving this certification should be English-ready for publication - however, the author has the ability to accept or reject our suggestions and changes. To verify the final ELIXIGEN edited version, please contact ELIXIGEN at support@elixigen.com
