

# Certificate of Biostatistics

26 May 2018

To whom it may concern

Title of Study: Overexpression of G protein-coupled receptor 31 means poor prognosis in colorectal cancer

Chief investigator: Yi-Feng Zou,  
Department of Colorectal Surgery, the Sixth Affiliated Hospital,  
Sun Yat-sen University, Guangzhou, Guangdong, China.

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely,

Da-Qin Gan, Ph.D., Department of Statistics and Epidemiology, School of Public Health, Sun Yat-sen University.
