

Response to reviewers' comments:

We truly appreciate the reviewers reading our work and their comments and suggestions.

Reply to reviewer #02951258:

The manuscript has been re-read and duplicates and typos were corrected. We appreciate the reviewers catching the duplicate phrases.

Reply to reviewer #03469232:

We took the suggestion of adding a figure showing the association of DKA abnormalities of water and electrolyte metabolism, but we don't believe it would add to the content of the manuscript.
